

Stroud Valleys Project

People and nature, thriving together

Working with communities for
climate and nature

People and nature, thriving together

- Stroud Valleys Project was founded in 1988
- We work with communities across the Stroud District
- Our volunteers and staff care for a range of spaces and habitats

Wild about Kingswood

A green space
nestling withing a
new housing
development

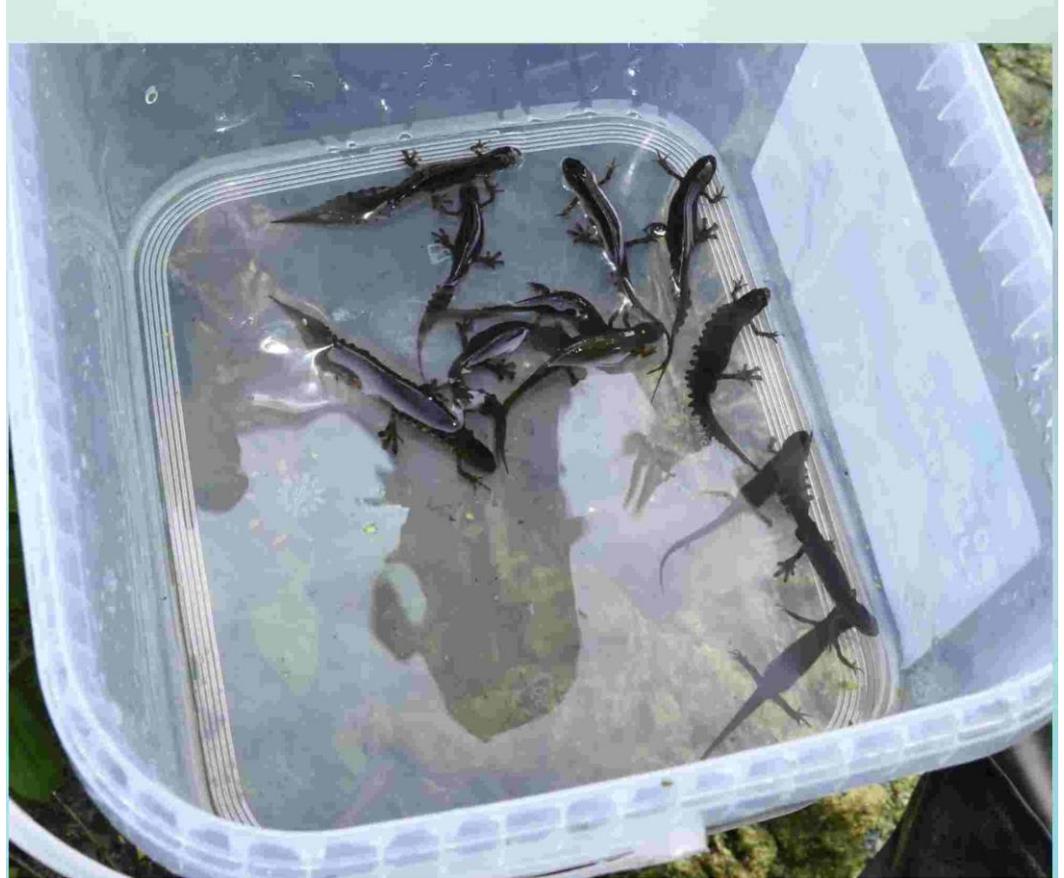

A space for people
and for nature

Hedge laying before and after

Great Crested Newts

Part of the Gloucestershire Tree Strategy

Building a tree nursery

Tree planting partners

Tree planting and mulching at Sapperton Wilder
